

Permanent dentition

Cumulative % of dogs having a tooth just emerged (FA, first appearance), for each tooth by breed size. I1, 2, 3 = first, second, third permanent incisor; C = permanent canine, P1, 2, 3, 4 = first, second, third and fourth permanent premolar; M1, 2, 3 = first, second and third molar. The results for mandibular teeth of Toy breeds are not yet depicted.
